## Chemical Properties

|           |                                                                   |
|-----------|-------------------------------------------------------------------|
| CAS       | 162520-00-5                                                       |
| Formula   | C22H30O2S                                                         |
| MW        | 358.54                                                            |
| Storage   | 2 years -20°C Powder, 2 weeks 4°C in DMSO, 6 months -80°C in DMSO |
| Structure | <input type="text"/>                                              |
| Purity    | >98%                                                              |
